

BODY COMPOSITION SCANNER

Introducing the Evolt 360 to RE-BOOT Fitness! This innovative piece of equipment consists of a body composition analyser which utilises the latest advancements in BIA technology and cloud based reporting solution so that you can track how your body is responding to your training and nutritional program and make sure it's working for your body type.

Measure your success and keep on top of your progress and fitness status!

- ① Access Insights to Maximize Your Health @ RE-BOOT Fitness
- ② Access Your Body Composition & Macronutrient Profile
- ③ Access EVOLT Mobile App with Tracking & Progress Dashboard
- ④ Interactive Body Type Fitness & Nutritional Goal Setting

Get the most out of your body!

Tracking your health and fitness has never been so easy.

360 Body Composition

Discover Macronutrient Profiling

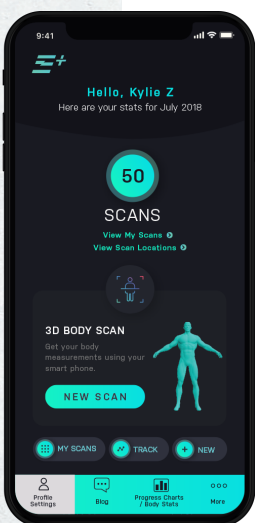

Quick access to results with the mobile App

Monitor and track your progress

Share your progress in the Evolt community

BODY COMPOSITION

With over 40 different measuring parameters such as Skeletal Muscle Mass, Total Body Water, Bone Mineral Content, Protein, Body Fat Percentage, Visceral Fats Levels and Segmental Analysis, B.M.R. and Total Energy Expenditure, Age Match to Body (fitness age) and much more!

MACRONUTRIENT PROFILING

The world's first Artificial Intelligent Macronutrient Profile that provides you with powerful insights and knowledge of what to eat for your body type. You can access your Macronutrient Profile via the EVOLT Active App and choose your body type and specific fitness goals. You will get a breakdown of how much protein, fats and carbs to eat for your specific body type, and an in-depth report on body composition, body status, abdominal analysis, body balance and more.

CLOUD DATA & MOBILE APP

Once your scan is done, your results can be accessed via smart phone, tablet or desktop. The Evolt Platform will automatically graph results in your personal dashboard.

SOCIAL PLATFORM & WELLNESS COMMUNITY

Evolt Active provides a positive and motivating social platform and wellness community for all users to access after they get an Evolt 360 scan. It's a place where you can share photo's of your progress, healthy recipe ideas, motivation and much much more!

TRACKING & PROGRESS DASHBOARD

Once results are fired to the Evolt Active Platform, they are tracked on the users personal dashboard. A great tool to monitor the quality of change over time. This is a visually motivating tool for users to access to help monitor their own personal fitness journey.
